

Clash

Original title: Clash

Isabelle and Hendrik, an estranged couple, decide to spend a weekend in her family’s woodland chalet. They are hoping to reconnect, but it’s Isabelle's inner demons that surface. Her alter ego, Isabella, tries to warn him through mirrors and other reflections. As events escalate, the line between reality and the supernatural blurs. Hendrik finally escapes into network of caves beneath the chalet, where he discovers the decayed bodies of previous victims, men who eerily resemble himself. Will he join them?
