

# Clean Sheets

Original title: Droge lakens

Bedwetting casts a shadow over the daily lives of three children. At camp, they discreetly hide their diapers, their friends must never find out, and at home the washing machine works overtime. The shame can be overwhelming, making them feel like they're the only ones dealing with this struggle. But they don't give up. With determination, a bit of self-doubt, and the occasional setback, they find their way to dry nights and growing confidence.
