The story about the exodus of Augustinus into the underworld, after being decapitated by an illustrious inquisition. On his relative short voyage, Augustinus gets dragged through a mechanic hell until he ends up in a machine that brutally extracts his soul. When his soul is entirely removed, the soulless body of Augustinus gets thrown in an infernal incinerator. While Augustinus burns, his soul is caught in a capsule and transported to an unknown destination.... What happens with his soul afterwards remains an unsolved mystery...
