

Shutterspeed

Original title: Shutterspeed

Cas is a sensitive fifteen-year-old looking for connection. On a school field trip to the coast, he and Jard, his older trainee teacher for whom he had modeled before, slip away for increasingly uncomfortable and exploitative photoshoots. Yet the visibility Jard provides proves addictive. However, just as Cas realizes the increasing power dynamics in their age gap, Jard ditches him to find new targets. To take back control, Cas spreads the word and sets up the whole school against their intern. Opportunistic eyes capturing a loss of innocence.
