

# The Invisibles

Original title: De onzichtbaren

*The Invisibles* follows filmmaker Martijn Blekendaal as he captures the remarkable stories of children who have mastered the art of inventive invisibility. They include street children who possess the skills to blend seamlessly into their surroundings, a resilient elderly woman who honed her ability to move silently and remain inconspicuous during wartime, and a boy without legal residency who expertly evades the authorities throughout his young life. Martijn records these tales of creative invisibility, ultimately realising his own superhero dream.
