

Wiplala

Original title: Wiplala

Wiplala is a pubescent boy only four inches tall. He's not a leprechaun though; he is a 'wiplala' from the Land of Wiplala. Wiplalas have a special gift called 'betinkling'. The problem is that Wiplala is not very good at betinkling, which is why he decides to leave. After a long journey crawling through a tunnel, he arrives in the kitchen cabinet of the Blom family. Mr Blom, the father of this one-parent family, doesn't have a lot of time nor does he pay much attention to his kids; the vulnerable young Johannes who misses his dead mother and 11-year-old Nella Della, already too independent and mature for her age.
